Ensure code compliance, accurate calculations, and quality, while saving time and money. Comprehensive, practical, and visual, this resource provides you with instant access to job-critical information. It contains 600 tables, charts, checklists and

calculations for quick look-up. It provides job-critical data on every major building code, including the IBC (International Building Code) - the world's most widely adopted building code. Jargon-free explanations clarify complex codes. It covers construction procedures and standards for commercial and industrial projects.
