

Probability, Statistics and Truth

[Probability, Statistics and Truth 下载链接1](#)

著者:Richard von Mises

出版者:Dover Publications

出版时间:1981-09-01

装帧:Paperback

isbn:9780486242149

This comprehensive study of probability, its relation to statistics, and its truth-finding value considers the approaches of Pascal, Laplace, Poisson, and others. It also discusses Laws of Large Numbers, the theory of errors, and other relevant topics. Numerous examples complement the text.
