

Finite Difference Equations

[Finite Difference Equations_ 下载链接1](#)

著者:H. Levy

出版者:Dover Publications

出版时间:1992-09-11

装帧:Paperback

isbn:9780486672601

Comprehensive study focuses on use of calculus of finite differences as an approximation method for solving troublesome differential equations. Elementary difference operations; interpolation and extrapolation; modes of expansion of the solutions of nonlinear equations, applications of difference equations, difference equations associated with functions of two variables, more. Exercises with answers. 1961 edition.
