# Schaum's Outline of Tensor Calculus

[Schaum's Outline of Tensor Calculus_下载链接1_](#)

著者:David Kay

出版者:McGraw-Hill

出版时间:1988-4-1

装帧:Paperback

isbn:9780070334847

The primary tool in the theory of relativity, tensor calculus is also important in continuum mechanics and differential geometry. This book takes a nonabstract,

easy-to-understand approach, developing in numerous examples and solved problems those topics most pertinent to physics and engineering students.
