

Inorganic Chemistry (4th Edition)

[Inorganic Chemistry \(4th Edition\) 下载链接1](#)

著者:Gary L. Miessler

出版者:Prentice Hall

出版时间:2010-03-04

装帧:Paperback

isbn:9780136128663

This highly readable text provides the essentials of Inorganic Chemistry at a level that is neither too high nor too low. Praised for its coverage of theoretical inorganic chemistry, it discusses molecular symmetry earlier than other texts and builds on this foundation

in later chapters. Plenty of supporting book references encourage you to further explore topics of interest.
