著者:Sherman, Josepha/ Schwartz, Susan

出版者:Pocket Books

出版时间:2007-4

装帧:HRD

isbn:9780743463621

As the hidden truth about the Romulans' early history is revealed at last, its implications for the future play out as Spock and his allies reach across a gulf of both time and space in an attempt to bridge the gap that separates the longscattered offshoots of the Vulcan people. And though the reunification he hopes to achieve will come at a terrible cost, failure could mean centuries of sorrow and chaos for untold millions. For the legions of readers who enjoyed the first two books in the series, as well as the authors' previous bestsellers, VULCAN'S FORGE and VULCAN'S HEART, EPIPHANY will not disappoint eager fans of the VULCAN'S SOUL trilogy.
