Jumper is a 1992 science fiction novel by Steven Gould. It tells the story of Davey, a teenager who has just escaped an abusive household. Davey discovers that he can teleport himself by using his thoughts, although he doesn't know how it works. As he tries to make his way alone in the world, he looks for his long-lost mother and uses his talent for criminal activities and to foil hijackers around the globe. The book received generally positive reviews.
