After a tumultuous beginning, mid-23rd-century Earth now peacefully operates under the constant surveillance of the Watcher, an all-seeing AI who has seized control of the planet—and of the minds and bodies of its people. But is the radical evolution that the

Watcher has in mind a step forward or the beginning of a mighty split that will cast aside everything that truly makes us human?

It is 2252, and Judy is traveling on a passenger ship in deep space when disaster strikes. Almost too conveniently, strange machines appear onboard just in time to help. They are owned by DIANA, a commercial organization headquartered on Earth. But as the machines arrange for the humans to be taken to safety, Judy is held back. They have detected something in her genetic code—something shocking: Judy is not human. And she too is the property of DIANA.

Now Judy must return to Earth to find out what DIANA expects of her...how she was grown...and why she was destined to destroy the Watcher. But is this Judy even the same person? And does the new Judy have a reason to destroy—or is she just a pawn in someone else’s murderous game?
