Robert Rankin, the world's Master of Far Fetched Fiction, takes us on a roller coaster ride in his brand-new bestseller, which focuses on the biggest conspiracy theory in the world, ever. Here, in the Da-Da-Di-Da-Da Code, you will find the music of the angels - and the music of the devil. Aliens, flying saucers from hell, the Multiverse, the Illuminati: every wacky, way-out conspiracy theory you've ever heard: they're all here, wrapped into a plot that will leave Dan Brown fans breathless, Michael Shea readers stupified, Raymond Khoury lovers incredulous ...Robert Rankin: the original and the best
