isbn:9780803262003

In the late twentieth century, Admiral Julian 3rd can get no rest, for he knows his future. He will be reborn as his grandson in the next century to journey through space and make an ominous discovery inside the moon; he will live again in the dark years of the twenty-second century as Julian 9th, who refuses to bow down to the victorious Moon Men; and as Julian 20th, the fierce Red Hawk, he will lead humanity's final battle against the alien invaders in the twenty-fifth century. The Moon Maid is Edgar Rice Burroughs's stunning epic of a world conquered by alien invaders from the moon and of the hero Julian, who champions the earth's struggle for freedom, peace, and dignity. The most complete version of The Moon Maid saga ever made available, this edition contains the story as published serially, along with numerous passages, sentences, and words excised from the magazine version or added later by the author. This edition also features an introduction by Terry Bisson, new illustrations by Thomas Floyd, the classic frontispiece by J. Allen St. John, essays by scholar Richard J. Golsan and writer Phillip R. Burger, a glossary by Scott Tracy Griffin, and a compendium of alterations to the text. Edgar Rice Burroughs (1875-1950) is the author of Tarzan of the Apes. His novels The Land That Time Forgot, Beyond Thirty, Pirates of Venus, and At the Earth's Core, are all available in the Bison Frontiers of Imagination series. Terry Bisson is a winner of the Hugo and Nebula awards and the author of In the Upper Room and Other Likely Stories and Voyage to the Red Planet.
