"Extraordinary In 20 years in the editing publishing business, I've not seen anything like it. Detailing the lingering effects of a death, whether recent or past, this insightful guide explains why writing heals, and how to do it." Marilyn J. Stutt "When death intrudes, we all need help. This guide to thoughtful, reflective writing is sensitive and powerful. HIGHLY RECOMMENDED." Anna L. Ulrich, Ph.D. International Reading Association Consultant "I've seen no other book that comes close to covering the range of reactions and issues that assail a survivor. Dr. Walker guides you through them all. A step-by-step blueprint for finding peace through writing." Robert Knox Clinical Social Worker
