出版时间:2006-2

装帧:HRD

isbn:9781401907969

Louise L. Hay, whose writings and talks have brought inspiration, hope, and healing to millions of people around the world, credits "The Game of Life" (and the entire body of work by Florence Scovel Shinn) for inspiring her at a key turning point in her early career. Shinn was one of the gifted teachers who profoundly shaped the field of personal transformation and spiritual growth. Her writings are known for their clarity, simplicity, and power. In addition to the original text of the book, included within is a new interpretation of the transformational classic, "The Game of Life for Women", which speaks directly to women about how to own their true power. At the same time, however, it speaks to men who wish to not only understand the women around them, but also embrace their own power by tapping in to the universal principles beneath gender differences. Whether male or female, you will likely reach a similar conclusion: It is a book for the ages, to be treasured and studied and taken to heart.
