Discovering true desires in life and reaching goals faster is made easier with this manual that provides tips on making a home's environment more loving and cozy and an office space more centered and empowering. With instructions on how to surround oneself with positive images for the mind--and showing how negative ones can sneak into a space--this guide helps alter the energy of a room, changing one's attitude as well as others who are in it. This feng shui method teaches how to focus on what one's desires are, how to create an attractive environment that supports them, and that doing so will help continue to achieve positive results.
