Available Late October 2003. Alcohol use, drug use, and addiction are challenging topics for parents to discuss with children. These subjects are even more complex, and more urgent, for recovering parents to discuss with their children. Best-selling recovery author Claudia Black introduces readers to five different families and reveals how each of the parents talked with their kids about recovery, relapse, and the child's own vulnerability to addiction. Discussion tips and clearly presented facts help parents focus on key issues. Age-appropriate strategies help reduce children's experimentation with alcohol and other drugs.
