Vicky Howard is a successful and recognizable name in the gift market. Using art from her private collection of vintage postcards, Howard presents avian images alongside positive-minded quotes from the early 1900s. While the creative elements of this book recall an early era, the art remains vivid and the words decidedly relevant: You cannot always have happiness, but you can give happiness. --Proverb The art of being happy lies in the power of extracting happiness from common things. --Henry Ward Beecher
