We all want to be successful -- personally, financially, romantically -- but many of us are not sure how to attain our goals. In this motivational manual, the author, convinced that everyone has the potential to achieve success, addresses readers directly. Each letter, like advice from a wise old uncle, covers a different tool for self-improvement: positive thinking, goal setting, time management, and many more. Drawing on lessons he learned during his highly lucrative real-estate career, Seymour teaches readers how to "switch on" and motivate themselves to pursue, and achieve, their dreams.
