Providing powerful spiritual tools and outlining approaches to healing, this book details practices and methods using examples of personal experiences from a healer. In this empowering book, love is the ultimate healing power and is present throughout the practices of prayer, meditation, and affirmation. Topics such as the healing reality of love, the laws of spiritual healing, and life purpose and abundance are discussed to assist individuals on the journey of self-discovery. Included are methods for healing relationships; managing physical illnesses and diseases; finding meaningful employment; and handling ageing, stress, depression, worry, and other transitions. Practices witnessed and utilised by a healer provide evidence of the healing power of love, including accounts of physical healing by love when medical options had been exhausted.
