A priceless time-bomb of pop culture, Reklaw serves a compelling and secret look into an impossibly lost era. The book collects photos from the 1970s paired with

accompanying comments from employers and professors. The results are absurdist, confusing, often hilarious and disturbing. "Applicant" provides unique insight into outdated 1970s social attitudes and ephemera (under one girl's photo: "Weakness: she is a female, and an attractive, modest one, so is bound to marry"). Much of the book's appeal however is found in what the book fails to say: the blank and despondent stares of it's subjects, the outdated fashions and hairstyles and it's understated text. Equal parts Ann Taintor and "Found Magazine," "Applicant" is one of those books you read once and then want to show everyone.
