

# Cities, Nationalism and Democratization

[Cities, Nationalism and Democratization\\_ 下载链接1](#)

著者:Bollens, Scott A.

出版者:Routledge

出版时间:2007-5

装帧:HRD

isbn:9780415419475

"Cities, Nationalism, and Democratization" fills a gap in the peacemaking and conflict management literatures. Bollens uses an unusual and extensive set of over 100 interviews with local political and community leaders to investigate the prospects that grassroots urban policies can provide "pushes from below" that help nation-states address the thorny challenges of ethnic conflict and democratization.
