This meticulous collection of contemporary sociological theory is the definitive guide to current perspectives and approaches in the field, examining current key topics in the field such as symbolic interactionism, phenomenology, structuralism, network theory, critical theory, feminist theory, and the debates over modernity and postmodernity.

Includes the work of major figures including Foucault, Giddens, Bourdieu, Bauman, and Habermas

Organized thematically, with editorial introductions to put the readings into theoretical perspective

New selected readings bring the book up to date
