isbn:9781591025887

This book reviews over 50 years of empirical research on civil and criminal juries and returns a verdict that strongly supports the jury system. The authors place the jury system in its historical and contemporary context giving the stories behind important trials while providing fact-based answers to critical questions. Various suggestions for improving the way juries carry out their duties. After comparing the system in various countries, it is concluded that on the whole, the jury system, despite occasional problems, is fair and democratic and an indispensable component of the judicial process.
