出版时间:2003-10

装帧:Pap

isbn:9780789019370

This thoughtful collection addresses the issues faced by women with disabilities,

examines the social construction of disability, and makes suggestions for the development and modification of culturally relevant therapy to meet the needs of disabled women. Written in an accessible style with a minimum of jargon, this book provides clinical material from the perspectives of psychotherapists, clients, personal assistants, and health administrators. Women with Visible and Invisible Disabilities also highlights the importance of considering age, ethnicity, and sexual orientation in its examination of feminist approaches to assessment, psychotherapy, disability management (coping), and discusses how the Americans with Disabilities Act impacts employment and education for women.
