

Gender and Envy

[Gender and Envy_下载链接1_](#)

著者:Burke, Nancy 编

出版者:Routledge

出版时间:1998-8

装帧:Pap

isbn:9780415916288

This collection brings together classic and developing psychoanalytic theory to examine gender and envy. The essays include foundational works by Freud, Klein, and Horney through to the current scholarship of Irigaray, Torok and Chasseguet-Smirgel. It aims to show how preoccupation with the Freudian concept of penis envy has both revealed and obscured fundamental psychological insights.
