'This book can provide an excellent framework for bolstering what is often an experiential process - doing a literature review. It is best seen alongside the supervisor, as a guide, through the multidimensional sea of academic literature' - British

Educational Research Journal 'I have been waiting for this book for five years. It sets out a number of important dimensions involved in the process of literature review and by clear signposting, diagrams, and examples will help the student to carry out her or his review more systematically. Learning how to carry out a literature review has always entailed the experiential. While this is a the best way of learning, it is only so providing that learning actually takes place during the experience (or by reflection afterwards). This book makes explicit those dimensions which could remain implicit or even missed by the student as they wade through all those books, papers, articles, and print-outs' - Kevin Maguire, Nottingham Trent University

Reviewing the literature for a research project can seem a daunting, even overwhelming task. New researchers, in particular, wonder: Where do I start? What do I do? How do I do it? This text offers students across the social sciences and humanities a practical and comprehensive guide to writing a literature review. Chris Hart offers invaluable advice on how to: search out existing knowledge on a topic; analyze arguments and ideas; map ideas, arguments and perspectives; produce a literature review; and construct a case for investigating a topic. The book contains examples of how to cite references, structure a research proposal and present a Master's thesis. It is published as a Set Book for The Open University Postgraduate Foundation Module (D820) The Challenge of the Social Sciences.

博大精深！

不错的一本书，至少应该在半年前就开始读了，作者说文献综述需要一年的时间来探索，现在一看无论从深度还是广度上我都两眼一摸黑，感觉我论文下半年是写不完了…

很喜欢这本书的结构和里面的例子・ 早点开始读比较好。。。

书评

写社会学的研究方法，建筑学可以借鉴，书中的图表和最后书尾的附录也非常好，把精华都摘出来了。总结一下，在做建筑设计的时候多动动笔不仅画图还要体现思维过程，海量的阅读和瞬间灵感的迸发多思考，找到事物间的联系，在纸上勾勾画画，找到论文选题的突破点和兴趣点，勤劳

Better to read it before you start your lit. review.
