著者:Sharrock, Wes/ Hughes, John

出版者:Palgrave Macmillan

出版时间:2007-10

装帧:Pap

isbn:9780333772867

This book offers a guide to sociology that explores its theoretical and methodological dimensions. Aiming to provide the reader with a sense of the reasoned character of the discipline, it traces how different theories and methods relate to one another, exploring the particular problems they spawn and the debates that have arisen in response. Written in a way that optimizes ease of use, it features annotated further reading lists and boxed explanations. This is a much needed text for all students of sociology looking to relate theory and methodology more closely.
