"Modernity and Postmodern Culture" critically assesses claims made about the 'postmodernization' of culture and society and explores the complex interplay between the modern and the postmodern in an increasingly 'globalized world'. The author argues that although culture may be 'postmodern' in terms of art,

entertainment and everyday life, modernity still exists and is pervasive. The second edition is revised throughout, updating the literature and viewing international events through a modernist/postmodernist gaze. The theories of Baudrillard, Beck, Castells, Giddens, Jameson, Lyotard and others are discussed and specific issues concerning architecture, theme parks, screen culture, science, technology and the environment are examined. The topics include: postmodern architecture and the hyperreality of Disney; how poststructuralist theory questions modern rationality and reason; the relations between postmodern culture, global capitalism and the technological changes brought about by electronics and computing; and, the network society. The book is key reading for students on courses in cultural politics, cultural theory, popular culture and sociology.

说实话不太买账 书中收录的文章写得都是很好的
只是可能是我感知到的中国（西方国家就是不说了
不是一个文化背景的）根本就还在modernism和post-modernism之间不断的挣扎跳跃
，时而还夹杂着别的理论主导的文化潮流，根本就是一锅粥，离所谓后-后现代主义的
时期还早着呢
