A systematic survey of archaic Greek society and culture which introduces the reader to a wide range of new approaches to the period.

- The first comprehensive and accessible survey of developments in the study of archaic Greece
- Places Greek society of c.750-480 BCE in its chronological and geographical context
- Gives equal emphasis to established topics such as tyranny and political reform and

newer subjects like gender and ethnicity

- Combines accounts of historical developments with regional surveys of archaeological evidence and in-depth treatments of selected themes
- Explores the impact of Eastern and other non-Greek cultures in the development of Greece
- Uses archaeological and literary evidence to reconstruct broad patterns of social and cultural development
