Employing both qualitative and quantitative methodologies, empowerment evaluation is the use of evaluation concepts, techniques, and findings to foster improvement and self-determination. David M Fetterman explores its background and theory and goes on to present the three steps of empowerment evaluation: establishing a mission statement about a programme; taking stock; and charting a course for the future, while using case studies to highlight these steps in practice.

作者介绍:

David M. Fetterman is President and CEO of Fetterman & Associates, an international evaluation consulting firm. He has 25 years of experience at Stanford University, serving as a senior administrator, School of Education faculty member, and School of Medicine Director of Evaluation. David is the Director of the Arkansas Evaluation Center and concurrently a Professor at San Jose State University, the University of Charleston, and the University of Arkansas. He was a Professor and Research Director at the California Institute of Integral Studies, Principal Research Scientist at the American Institutes for Research, and a Senior Associate at RMC Research Corporation. David is a past-president of the American Evaluation Association. He received both the Paul Lazarsfeld Award for Outstanding Contributions to Evaluation Theory and the Myrdal Award for Cumulative Contributions to Evaluation Practice. David also received the American Educational Research Association Research on Evaluation Distinguished Scholar Award. David is the founder of empowerment evaluation. He has published 14 books including: Empowerment Evaluation in the Digital Villages: Hewlett-Packard's \$15 Million Race Toward Social Justice, Empowerment Evaluation Principles in Practice (with Wandersman), Foundations of Empowerment Evaluation, and Empowerment Evaluation: Knowledge and Tools for Self-assessment and Accountability (with Kaftarian and Wandersman).
