Through detailed insight and the use of court cases, *Boundaries of Her Body* reveals how the realities of a woman's biology has controlled her legal rights. This paper edition includes a new foreword reflecting the changes that can be anticipated as a result of the Bush reelection in 2004. ?Debra Rowland brilliantly argues the continuing inequality of women's rights in America with the most meticulous and comprehensive research in our times.?-Betty Friedan, *The Feminine Mystique* ?A] masterful treatise...this massive and remarkable history is well written in smart yet accessible language and is thus the perfect book for the classroom as well as the family room.?-Publishers Weekly
