著者: Messinger, Lori (EDT)/ Morrow, Deana F. (EDT)

出版者: Columbia Univ Pr

出版时间: 2006-7

装帧: HRD

isbn: 9780231127424

At last--a casebook that focuses exclusively on sexual orientation and gender

expression in relation to social work practice. The scenarios feature gay, lesbian, bisexual, and transgender (GLBT) individuals, couples, and families, and highlight GLBT issues in groups, organizations, communities, policy arenas, and research. The book also contains classroom exercises and suggested readings, making it a good resource for integrating GLBT content into the classroom. The casebook may be used as a complement to Morrow and Messinger's text, (Columbia, 2006); on its own; or in conjunction with another textbook. The editors are award-winning teachers who have organized a casebook appropriate for use at the undergraduate or graduate level in practice, policy, human behavior and the social environment, research, and field education courses as well as in courses focusing specifically on GLBT clients.
