著者:Michael Kuby

出版者:Wiley

出版时间:2006-7-28

装帧:Paperback

isbn:9780471701217

The fourth edition of Human Geography in Action is highlighted by a robust new software platform via the Internet, enabling students to work with GIS maps, spreadsheets, simulations, and animated graphs. Additionally, instructors enjoy the

option to use the WileyPLUS course management system for an enhanced learning environment. Many components from the third edition have been enhanced and updated, including data statistics. New web resources and further readings have also been added to each chapter.
