turtles all the way down

上课选了最薄的一本，没想到native narrative是indigenous的故事。Thomas King写下这些故事的确是come to我了。Turtle back
这个比喻作为开头，从第一章到最后一章。各种各样找回身份，成为一个“普通人”。最后，“But don’ t say in the years to come that you would have lived your life differently if only you had heard this story. You’ ve heard it now.”

我下跪for human preoccupation of stories and insatiability. We are all dichotomous, egoistic Homo Economicus.

作品比历史更真实
