isbn:9780321332073

It's rough seas in the world of online dating, and whether you're brand new to the process or looking to improve your results, you need this compact, low-priced guide to reel in a winner! In it, author Alyssa Wodtke reveals all the secrets of successful online dating! Short, sweet, and to the point, this budget booklet delivers just the need-to-know essentials for making the online dating scene work for you: how to pick a service, how to write an effective ad, how to weed out the losers, and more. Using

simple step-by-step instructions and bold, full-color visuals, Alyssa makes a murky process crystal clear. You'll learn the difference between pay and free sites; whether or not you should post a picture; what special-interest groups are out there; how to be original in your ads; how to evaluate your responses; the art of rejection; when, where, and how to meet; and more.
