出版时间:2004-11-9

装帧:Paperback

isbn:9780205359486

This new book examines the entire range of human societies, past and present, and the various forces that brought about social evolution. It focuses on the roles of economics, technology, population, and ecology in the long-term evolution of human societies; and provides detailed coverage of the rise of capitalism, modern industrial societies, and globalization.
