著者:R.W. Connell

出版者:University of California Press

出版时间:2005-8-31

装帧:Paperback

isbn:9780520246980

This is an exciting new edition of R.W. Connell's groundbreaking text, which has become a classic work on the nature and construction of masculine identity. In its first edition, "Masculinities" provided one of the most important voices in feminist scholarship by men. Connell argued that there is no such thing as a single concept of masculinity, but, rather, that many different masculinities exist, each associated with different positions of power. In a world in which gender order continues to extend privilege to men over women, but that also raises difficult issues for men and boys, Connell's account is more pertinent than ever. In the new edition's substantial new introduction and conclusion, Connell discusses the development of masculinity studies in the ten years since the book's initial publication. He explores global gender relations, new theories, and practical uses of masculinity research. Looking to the future, his new concluding chapter addresses the politics of masculinities, and the implications of masculinity research as a way of understanding current world issues. Against the backdrop of an increasingly divided world, one that is presently dominated by neo-conservative politics, Connell's account highlights a series of compelling questions about the future of human society. This second edition of Connell's classic book will be essential reading for students taking courses on masculinities and gender studies and will be of interest to students and scholars across the humanities and social sciences.

男性气质研究的理论经典 Introduction to the second edition, Chapter 1-3, Afterworld
尤其值得一读 对后结构主义的批判也非常有力
(好玩的是Whitehead在拿后结构主义批判Connell的时候完全无视了Connell对后结构主义的批判lol)

干货略显少了些，有空写个读书笔记神马的……是有……空……再……写……

masculinities经典书目，作者是transgender

从精神分析、功能主义和符号学，Connell详细回顾了回溯了男性气质研究的发展脉络，并把它放在更大的经济、阶级、种族、殖民和后殖民的框架中去理解。这本书只能由Connell写出来。

seminal work for masculinity studies.

欸这个忘记标记了

thought provoking
