Women have made a lot of headway in society, but they need to continue to exercise their power and take action, say Dr. Julianne Malveaux and Deborah Perry. In this lively bestseller, they show us how, offering not only a spirited debate but a deeper understanding of the issues that affect our lives and futures, including:

Abortion € Crime € Work and Family € Equal Pay and Benefits € Education € Social Security and Welfare € The Economy € Race Matters € Foreign Policy € The Environment
