出版时间:2007-2

装帧:Pap

isbn:9780275962340

This volume contributes to the current discourse of how Latinos are being influenced by U.S. norms and culture and how Latinos are affecting U.S. society. It offers comprehensive analysis of how Latin communities compare and contrast with other underserved groups, and it examines how changes are taking place within specific Latino groups particularly between first and second generations. The opportunities that Latinos and dominant mainstream interests share are identified, as are the many areas in need of change.
