This comprehensive guide provides an accessible introduction to the philosophy of

restorative justice and its practical application in a wide range of settings, showing how it can help both victims and offenders when harm has been done. Drawing on many years' experience of working in victim support, probation, mediation and restorative practices, Marian Liebmann uses pertinent case examples to illustrate how restorative justice can be used effectively to work with crime and its effects. Also included are sections on confronting bullying in schools, dealing with sexual and racial violence, tackling antisocial behaviour and community reconciliation after war. Whether in the context of families, schools, communities, criminal justice or prisons, the author argues that restorative justice is a 'seamless philosophy' which can be applied flexibly to meet diverse needs. Liebmann provides an international outlook, examining how restorative justice is practised around the world, including traditional Maori and Aboriginal approaches. "Restorative Justice: How It Works" is a key reference for magistrates, social workers, probation officers, Youth Offending Team workers, police, teachers and health professionals, as well as the lay reader.
