著者:Judy Wajcman

出版者:Polity

出版时间:2004-5-21

装帧:Paperback

isbn:9780745630441

This timely and engaging book argues that technoscientific advances are radically transforming the woman-machine relationship. However, it is feminist politics rather than the technologies themselves that make the difference. TechnoFeminism fuses the visionary insights of cyberfeminism with a materialist analysis of the sexual politics of technology.
