出版者:Houghton Mifflin College Div

出版时间:2003-4

装帧:Pap

isbn:9780618312924

This successful western history version of the popular Discovering series provides a broad range of both visual and written sources within a unique pedagogical framework. Its unique structure promotes critical thinking, sharpens analytical skills, and builds student interest in the subject matter. The text emphasizes historical study

as interpretation rather than memorization of data, with actual documents and artifacts from which students develop answers to historical questions.
