出版时间:1999-11-9

装帧:Paperback

isbn:9780789009456

This invaluable guidebook accomplishes what many others on feminist theory do not. It reviews both the theories and the applications of the field. Too frequently, books and articles tend to focus on one or two ways for practicing feminism, when, in reality, different problems, different groups of women, and different goals may require a different theory for guiding objectiveness, strategies, and work style. Using the wrong theory for a particular group or problem may backfire, causing unexpected outcomes. This book circumvents such unforeseen results. Feminist Theories and Social Work

reviews the most important theories of today, evaluates the contributions and limitations of each branch, and for each theory, provides application examples at several levels of intervention.
