评论

上过他的课

-----  
这学期文学课一直在探索Euro-colonialism对世界的塑造与影响，但是把握住colonialism与systemic racism和perpetuation of economic+socio-political domination还是从这里开始的。该说Mills为分析哲学家吗？哲学与社科逐渐并驱，哲学开始down to earth且开始清醒（非常不严谨的说法  
-----

西方对自己缔造世界的怀疑与自省

-----  
Interesting

-----  
白人主义至上理论

-----  
很震撼。西方那些白人哲学家们一方面讲着平等自由，一方面又不平等地对待其他种族的人，把他们排除在社会主流之外。从政治哲学上去分析和解决这个矛盾，brilliant。

-----  
读了一半的内容

-----  
也是大一教材……

-----  
嗯嗯

-----  
太厉害了这个理论。非常interesting。white supremacy

-----  
It's hard to construct a theory that is a counter image, a self-sustained narrative, and a standpoint statement that is not limited to the author's own position. The book achieves most of the goals. Yet I doubt if sth theorizing "why Whites behave this way" can be further elaborated. Maybe it is never the target of this book but I just wonder.

-----  
phi105教材重读。

-----  
“We are blinded to realities that we should see, taking for granted as natural what are in fact human-created structures.” - Charles W. Mills
