出版时间:1998-11-1

装帧:Paperback

isbn:9780140276930

A renowned sociologist revisits the explosive issue of women, children, and poverty in this hard-hitting sequel to her searing expose. Sidel explores the condition of America's poor women today, with particular focus on the federal government's attempts to dismantle the welfare system, delivering a chilling indictment of the current trends and political maneuvering that threaten to keep America's poor women and children last.
