Review

"This book provides an up-to-date account of welfare pluralism that is both accessible to students and likely to revitalise an important debate within Social Policy. A must-read for academics and students alike." Kirk Mann, Senior Lecturer in Social Policy, University of Leeds

Product Description

It has long been recognised that social policy extends far beyond the welfare state. Although state provision may have dominated in Britain since 1945, there is a growing movement towards welfare pluralism - a mixed economy of welfare - involving private, voluntary and informal sectors. Understanding this movement and the concepts, policies and theories driving it is a vital ingredient in the analysis of modern social policy. This book, written by social policy and welfare experts, sheds light on this neglected area of social policy. It shows how the mixed economy of welfare links with important conceptual and policy debates. Combining theoretical and empirical perspectives on the changing nature of welfare, it: explores the components of the key concepts of the mixed economy of welfare and the social division of welfare; analyses the issues of the production, finance and regulation of welfare; locates these issues in the context of New Labour's social policy; examines the wider international dimensions of the concepts. As with all titles in the series, it has been designed with the needs of students in mind and includes useful chapter summaries, illustrative boxes and diagrams, and pointers to relevant websites and other sources of further information.

作者介绍:

马丁·鲍威尔，英国伯明翰大学卫生服务管理中心教授，研究方向为卫生与社会政策，在新工党研究和福利国家理论与历史方面著述颇丰。

书评

怎么觉着资本主义国家有点太关心百姓的福利呀~~这是一本福利社会学（福利经济学？）的教科书，入门级的，但对于我们提倡社会建设的人士来说，好像还是有点深奥哟~~丛书主编在“总序”里讲道：“社会政策从来就不是一个抽象的概念。它是日常生活中真实而又具体的一部分。人类...
