著者:Toyin Falola

出版者:University of Rochester Press

出版时间:2006-6

装帧:Hardcover

isbn:9781580462198

Toyin Falola and Ann Genova have done Yoruba studies an excellent service by thoughtfully bringing together a collection of essays that draws from the inspiration of previous works but avoids the pitfalls of rehashing old ideas. The result is an imaginative, refreshing, and beautiful scholarship without the pretensions of textual and theoretical jargons. We finally have that long-sought single volume that superbly captures major and diverse historical themes in Yoruba experience from the precolonial to the present in wholesome interdisciplinary frameworks. Yoruba Identity and Power Politics is a superior work in the genre, an excellent book to teach and think with on a myriad of topics relevant to contemporary Africa. --Akin Ogundiran, associate professor of history, Florida International University, Miami Yoruba Identity and Power Politics is a breath of fresh air and a critical watershed in the discourse of the ever-so-challenging and complicated web of the idea of Yorubaness. This work is indeed an assemblage of serious intellectuals of Yoruba history whose collective voice projects a cutting edge in the discourse of the socio-political dichotomy of identity and power. This is a must read for anyone who is either genuinely interested in the knowledge of the Yoruba history or truly excited about a people whose culture, history, and identity remain most enduring and most visible in the vast world of the African diaspora. --Michael O. Afolayan, PhD, Southern Illinois University, Edwardsville
