著者:Carney, Charles

出版者:Chronicle Books Llc

出版时间:2006-4

装帧:Pap

isbn:9780811851152

This hilarious catalogue from Acme Products features loads of useless items - many of

which were used by Wile E. Coyote himself in pursuit of the Roadrunner. Starting with a letter to the consumer from Acme President, Canteerya Winan, the book then goes on to showcase page after page of Acme products in all their glory - including both the classics and a whole slew of new and untested products.
