出版时间:2005-6

装帧:Pap

isbn:9780534617325

This best selling software-based workbook lets students explore dozens of sociological topics and issues, using data from the United States and around the world. With the workbook and accompanying ExplorIt software and data sets, students won't just read about what other sociologists have done, they will discover sociology for themselves.

DISCOVERING SOCIOLOGY will add an exciting dimension to the introductory sociology course.
