What is 'deconstruction'? What authors are considered 'postmodern novelists'? The Routledge Companion to Postmodernism combines a series of fourteen in-depth background chapters with a body of A-Z entries to create an authoritative, yet readable guide to the complex world of postmodernism. Following full-length articles on postmodernism and philosophy, politics, feminism, lifestyles, television, and other postmodern essentials, readers will find a wide range of alphabetically-organized entries on the people, terms and theories connected with postmodernism, including: Peter Ackroyd; Jean Baudrillard; Chaos Theory; Death of the Author; Desire; Fractals; Michel Foucault; Frankfurt School; Generation X; Minimalism; Poststructuralism; Retro; Gayatri Chakravorty Spivak; and Trans-avant-garde. Students interested in any aspect of postmodernist thought will find this an indispensable resource.
