isbn:9781929170098

Comprehensive encyclopedia of 113 piers from Mexico to Oregon borders. Explicit details (with photos and illustrations) of all piers and fishing techniques and info.

Historians find a little-known treasure trove of information concerning California's early wharves and piers. For travelers, it offers a compendium of interesting sites, and a map, for trips and get-a-ways along the coast. Not just a fishing book, but a book that examines the rich, diverse, and interesting culture of California's piers, it is a must book for anyone living in or planning to visit coastal California. Includes an illustrated encyclopedia of the top 100 species that visit California's piers. Also details regulations, insider's tips, history, and much more.
