Golf Greens offers a hands-on resource to the design, construction, and history of all types of golf greens. Provides highly illustrative coverage, with a sixteen-page, full-color section featuring shots of old and new greens, greens under construction, and newly finished greens. Provides guidelines for determining best construction

methods--with special emphasis placed on site-specific concerns. Covers turfgrass selection with detailed information on artificial turf. Shows how design can be used to make greens fast or slow to match player and course expectations.
